About university

Rashtrasant Tukadoji Maharaj Nagpur University, is one of the premier educational institution of central India, established on 4th August 1923 with six affiliated colleges and 927 students. As Nagpur being located in the heart of India and has connectivity with every part of the country, RTMNU is preferred by students of other states of the country. For formal learning, the University boasts of 42 Postgraduate Teaching Departments (PGTD) and 3 Constituent Colleges/Institutions, 510 affiliated colleges offering UG, PG, M. Phil, PG Diploma and Ph. D. courses to more than 3.5 lakh students. All departments have independent buildings which are ICT enabled. Around 8 Science departments are UGC-Special Assistance Program (SAP) and DST_FIST recognized. The university indulged into academic collaborations with prestigious institutions like IUC-CSR-DAE, New Delhi,

About Examination and Evaluation Section

The conduct of examinations and declaration of results is one of the important activities of the University. The Examination and Evaluation Section is the backbone of the examination system of the university. Examination and Evaluation Section of RTMNU popularly known as Parisha Bhavan is located at L.I.T. Campus, Amravati Road, Nagpur. The Examination Section conducts more than 1000 examinations Summer & Winter session every academic year in which over 5500 question papers are prepared and about 22 lakh answer books are assessed through onscreen and regular mode of 3.5 lakh students spread over 42 Postgraduate Teaching Departments (PGTD) and 3 Constituent Colleges/Institutions, 510 affiliated colleges of Nagpur, Wardha, Bhandara and Gondia districts. To achieve credibility in the examination system it should be fair, efficient, reliable and transparent. The examination section strives hard towards to achieve credibility using various digital technologies. The University has a fairly good record in the smooth conduct of examinations and timely declaration of results, within 30/45 days as required by the Maharashtra Public Universities Act, 2016.

In recent times, the University has taken several initiatives to conduct online examination due to COVID-19 pandemic situation to ensure better standards and improve accuracy, efficiency and transparency in the various steps involved in the conduct of examination and declaration of the results. Apart from this, the Examination and Evaluation Section conducted and notified more than 600 Ph D degree Vivo-voce examination using digital platform in COVID-19 pandemic situation.

About the Webinar:

The global pandemic has resulted in the shift in the entire archetype of higher education. It has raised the need for digital education and examination, which brings along many pros and cons. With the unexpected rise/sudden surge in the usage of digital devices and the Internet, the stakeholders of higher education are at an increased risk of being prone to cybercrimes and cyber frauds. Most of the people are not aware that every time they put their personal information on the Internet, there are endless possibilities and risk that the information may get stolen. This is specifically true for students who often depend upon internet resources for their study material. However, they are not cognizant of the websites they visit, the links they explore, the permissions or cookies they allow, the apps they install, the lack of good anti-virus, and lack of licensed versions of software, among many other things. Awareness is often the foremost and vital step that can prevent many crimes. It is imperative and the need of the hour to have vigilance regarding the importance and role of cyber discipline amongst the HEIs. RTMNU Nagpur is organizing a webinar on this crucial subject to create awareness about various topics of importance. We invite all (students, parents, teachers and support staff) to join this learning experience and be safe and cautious during digital education and examination.
